## WINE CELLARS

### 2006 CABERNET SAUVIGNON || Red Mountain

#### Klipsun Vineyard

#### ~ ABOUT THE WINE ~

This Cabernet Sauvignon from the Klipsun Vineyard is elegant and complex, yet full of flavor. The multiple layers of chocolate, red-currant, and plum explode on the palate, finishing with hints of spices and herbs from the French oak. Barrel-aged for twenty months in new and older French oak, this wine displays intense dark berry fruit and a full-bodied character that Cabernet lovers cherish. It is our pleasure to present this memorable Cabernet Sauvignon to you.

#### ~ ABOUT THE VINEYARDS ~

The Klipsun Vineyard is located on the western edge of Red Mountain, overlooking the Yakima River. It is one of the warmest and driest vineyard locations in Washington State and produces grapes with intense concentration and depth. In 2003, the vineyard was named one of 25 Great Vineyards of the World by Wine and Spirits magazine.

#### ~ ABOUT THE VINTAGE ~

The 2006 vintage for the Klipsun Vineyard was very hot in the early summer and then, as September approached, it cooled down significantly. This allowed the grapes to obtain optimum hangtime in the vineyard, yielding intense concentration.

#### ~ SUGGESTED FOOD PAIRINGS ~

Slow-Cooked Pot Roast with Carrots, Celery and Red Potatoes  
Rack of Lamb  
Arugula Salad with Mushrooms and Balsamic Vinaigrette
